any devices to read.

Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

The iPad is a single-user device, which means the central login is persistent. This login controls access to the App and iTunes Stores but doesn't save information like settings. The single-user focus extends to apps like Safari, which keeps track of bookmarks and web history for all users rather than a specific user.
