of *Nature*

Chapter 1 - Nature
Emerson speaks of the landscape in which he walks and how he, as a poet, can best integrate all that he sees. What is most important in this sequence is the similar ways we perceive the various objects — stars, the landscape, and the poet.

importance of research nowadays cannot be overlooked. Today, research has become an integral part of all learning areas known to man. The research process has touched private and public educational, business, and industrial organizations. Almost everything, even the technology that we enjoy, is a by-product of research.
