Keynes: The Government Should Help Out the Economy. John Maynard Keynes, a British economist and financial genius who lived from 1883 to 1946, also examined capitalism and came up with some extremely influential views. They were, however, quite different from those of Karl Marx and, for that matter, Adam Smith.

Overview of Economics: Three Economists and Their Theories

Karl Marx (1818-1883), the founder of modern communism, provides us with a completely different perspective. Marx merges politics and economics. He contended that “the history of all hitherto existing society is the history of class struggles.” He argued that capitalism would produce internal tensions which would lead to its destruction.

Major Economic Theorists (“The Fab Five”)

If you mean what was the difference in their beliefs, that’s a hard question to answer because they wrote about entirely different things, for entirely different purposes and entirely different audiences. Marx was a philosopher and sociologist who...
