ON TRUTH is the sequel to Harry Frankfurt's bestseller, ON BULLSHIT. While ON BULLSHIT may have been cute and entertaining, ON TRUTH is a dense discussion of society's use and misuse of truth, honesty, and candor. Frankfurt determines that bullshit is speech intended to persuade without regard for truth. The liar cares about the truth and attempts to hide it; the bullshitter doesn't care if what they say is true or false, but rather only cares whether their listener is persuaded.
